Small Group Lessons (Math and Language Arts)

Curriculum

We use an online program called Miacademy (pronounced Me Academy) to be able to provide individual instruction on each child's level. Students can be enrolled in Math and/or Language Arts as well as other courses within the program such as another language, social studies, science and others. We only monitor Math and Reading/LA, so parents would be involved with those other courses if selected. We offer individual tutoring for those that need it.

How it works

Up to 4 students will be pulled out of their regular class for "Small Group Lessons"; 1-2 times per day, depending on their needs and whether or not they are using the program at home. The teacher will prepare materials for each subject, monitor their progress and be there for any questions or extra support.

Small Group Lessons are available for Primary B, C, Tween and Teen classes. Primary A will have these core subjects in their classroom. Registration options are available for both Language Arts/Reading and/or Math.

Prices

1 subject only: \$150/month
2 days/week (4 sessions): \$200/month
3 days/week (6 sessions): \$280/month

Absences

Students will not be able to make up lessons at My Village, however, they may use the program at home if they have their binder with them.
